## Plan B

- Up to 12 pages custom professional design.
- Three prototypes (from scratch) to choose from.
- One form submission for “contact us” page.
- Includes a simple animated image for the introduction or home page
- Meta tag generation for search engine submission.
- Hosting setup to bring website online. (first year payment included)
- Site statistics
- 5 Email account setup.
- Free support/maintenance.
- \$20 for each additional page.
- \$79 hosting service for year two and thereafter

These flat rate standard web design packages are great affordable choices for small to mid-sized businesses that are looking to establish a presence online with a highly professional looking website.

Our service doesn't stop here, our hosting service provides free support and maintenance for year one and for only \$79 annually thereafter. Getting started is simple. Just provide us with your content; text material, images and tell us your website idea and we'll design two or three prototypes from which to choose.

With Digital Grace, all projects are designed gracefully and tastefully, with only your needs in mind; all creations are individually unique. We start from scratch and don't use ready made, cookie-cutter designs or cheap software. We guarantee 100% in satisfaction with all our website designs and customer support.

We also provide custom design for larger projects which may include forms, shopping carts, simulations and demos. The costs will be assessed based on the size and scope of the project.

Whether you are looking to sell online, or simply have a great looking area on the net where potential clients can visit to learn more about your company, we can help.

Call or fax to discuss our services. We look forward to developing a needs assessment and create a proposal for your business and your website. Visit us online to view some of our designs.
